**Our World is Drowning in Misery and We Are Plagued by the Ever Present
Question: Why?**

Xulon Press presents a current answer to an age-old question.

MAITLAND, FL—Author Daryl Jones hopes to point readers to answers with ***Why Lord, Why?: Finding Hope in a World of Hurt*** (paperback, 9781631299070; e-book, 9781631299087).

If God is so good, why does he let such horrible things happen? This is a question that haunts many people when they are confronted with the overwhelming pain and suffering that plagues our fallen world. Jones compassionately points readers to God and His purpose as He brings us through difficult times.

“This book was birthed out of a sermon I preached to give a biblical perspective on pain and suffering in our lives. After receiving so much gratitude, encouraging feedback, and requests to share the audio and video of the sermon, I knew this was a hot topic for many,” said Jones.

Daryl Jones is the Founder and President of Point Ministries—an international ministry dedicated to equipping disciples of Jesus Christ to impact the world. He also serves the Founder and Lead Pastor of The Rock Fellowship Church in Miami, Florida. Daryl holds a Master of Divinity from Southwestern Baptist Theological Seminary. He previously served on church staff at Oak Cliff Bible Fellowship Church in Dallas, Texas after his career as an NFL wide receiver. Daryl and his wife, Kamica, have seven children—four daughters and three sons.
